**1. Apologies**

1.1 Apologies were received from Mick Friend, Adrian Kinzett, Rebecca Rae and Dave Redding.

**2. GNAS Performance Unit**

2.1 Further to minute 16.1 of the last meeting, held on 19<sup>th</sup> January 2006, Martyn Ellis indicated that he had duly sent a letter to the Chief Executive of the GNAS setting out a number of serious issues concerning the GNAS Performance Unit and the Chief Coach, Peter Suk. A number of people from within the County and beyond had contributed material to the letter supporting the Committee's concerns and/or giving additional related information. A response dated 4<sup>th</sup> March 2006 had been received from the Chief Executive, enclosing a formal response written by Barry Eley, Performance Manager of the Performance Unit. After much discussion it was agreed that this response was unsatisfactory insofar as it failed to address some of the issues, and inadequately or erroneously addressed others. Discussion then centred on possible ways in which to take the matter forward. It was agreed that any further more satisfactory response was most unlikely, and that the best way forward was to try to obtain more widespread support for our concerns which might result in the GNAS addressing them more rigorously.

It was accordingly **AGREED** that our continuing concerns be conveyed to all County Secretaries, Board Members, the EIS, UK Sport and members of the Elite Squad.

**3. Any Other Business**

3.1 There was no other business.
